Organization : AVT Group of companies

Designation : VP-HR

### **Event Agenda**

- Welcome address by Placement Officer – Dr Rajaganapathy
- Employability skills
- Adaptability in industry
- Vote of thanks by Placement Officer

The guest was welcomed by the Placement Officer, **Dr Rajaganapathy. Mr Rajesh Kumar** Director, Peri Software felicitated the guest.

**Mr P V Vasantha Kumar** spoke on focussing on what we want to be. The techniques of facing issues and problems in companies were discussed at length. He also dwelt on the need of hard work with several examples.

Today's education system was a point of discussion. The state of the country with so many educated people and even jobless engineers was analysed and suggestions were given.

Students' motivation and willingness to work played a major role in their career prospects and growth. The students should possess thorough knowledge about companies. Language proficiency and additional language skills were to be developed.

Some examples of successful industrial principles were also discussed.

A vote of thanks was proposed by the Placement Officer.
